

Asia Pacific Masters Revision Knee Symposium

29-30 March 2019

Overview

This symposium brings together lower limb arthroplasty surgeons from across the Asia Pacific region to discuss current trends, best surgical practice and patient management outside the OR.

The symposium will focus on how we manage revision knee patients pre-, intra- and post-operatively to improve outcomes for this patient cohort.

We have designed a program to provide delegates with a valuable educational experience combining didactic lectures, numerous case studies and ample time for panel discussions and healthy debate.

Delegate Criteria

To ensure this educational program meets your needs, we recommend that participants meet the following criteria:

Experienced orthopaedic surgeons performing Revision TKA

Program Overview

- Introduction: Can we improve functional outcomes from revision knees?
- Assessment and diagnosis
- Implant choice
- Intra operative considerations
- Infection management
- Salvage arthroplasty
- Future trends and summary
- Case discussions
- Sawbone breakout sessions

- Option 1 - Attune Revision Workflow - RP

A guided demonstration of the rotating platform surgical technique including sleeve preparation for the Attune Revision system

- Option 2 - Attune Revision Workflow - FB

A guided demonstration of the fixed bearing surgical technique for the Attune Revision system.

Time

Day 1: 10.30am - 5.30pm

Day 2: 8.30am - 1.30pm

Location

Sofitel Sydney Darling Harbour

12 Darling Drive, Sydney NSW 2000

Language

English

Registration Fee

Attendance Only - AUD\$490

incl: Registration, food & beverage during the course including the course dinner on Friday 29th March

With Accommodation - AUD\$995

incl: Registration, food & beverage during the course including the course dinner on Friday 29th March and 2 nights accommodation with breakfast for one person at Sofitel Sydney Darling Harbour.

NB: does not include airport transfers. Additional accommodation can be arranged on request

Registration

Please register on behalf of your surgeons via the link

<http://jjmd.cvent.com/d/6bq597/4W>

NB: Z Code & MRC Code required on registration

Surgeons are encouraged to share complex and interesting cases for the case discussions.

Please email cases to to kflinker@its.jnj.com prior to 15th March 2019

Chairs:

Prof. Piers Yates

Prof. Piers Yates specialises in joint replacement, revision joint replacement, hip resurfacing, trauma and perioperative management of patients. He trained in several leading orthopaedic centres in the UK, USA and Australia. He has been practicing in Perth since 2006 and has acted as head or co head of orthopaedics at 4 hospitals in the area. He is Professor of Orthopaedic Surgery at the University of Western Australia and has published over 80 scientific papers as well as book chapters.

A/Prof. David Campbell

David Campbell practices at the Wakefield Orthopaedic Clinic and University of Adelaide. He is a Graduate of the Australian Orthopaedic Association Training Program with training in the UK and fellowships in Canada. Research interests include arthroplasty design, RSA, and surgical safety. He is the immediate past SA branch chair of the Australian Orthopaedic Association and immediate past president of the Arthroplasty Society of Australia. He is a design surgeon with uni and total knee systems, revision knee arthroplasty, acetabular revision systems, and primary hip arthroplasty. He is a keen social skier on water and snow. He is currently an enthusiastic competition aerobatic pilot, which does not please his wife or adult children.

International Faculty:

Mr. Peter James (UK)

Mr. James specialises in knee surgery and is one of the Design Surgeons of the Attune Revision Knee System. After completing his fellowship with Mr. David Beverland, he relocated to Glasgow and then to Nottingham to start work at the City Hospital and Queens Medical Centre. During this time, he focused on improving theatre efficiency while also being centrally involved in implant design for use in both primary and revision TKA. Mr. James has recently set up a referral service for complex primary and revision knee arthroplasty for Nottingham and surrounding areas.

Dr. David Dalury (USA)

Dr. David Dalury is a graduate of Dartmouth Medical School. He completed his fellowship at the Harvard Hospitals, where he was trained in orthopaedics. He is a Clinical Professor of Orthopedic Surgery at University of Maryland Medicine, an Associate Professor at Johns Hopkins University, and Chief of Orthopaedics at University of Maryland St Joseph Medical Center. In addition, he is a member of numerous medical societies and associations and has written extensively for peer-reviewed publications.

Regional Faculty:

Mr. Richard Peterson (NZ)

Mr Richard Peterson is a lower limb specialist consulting from Nelson, New Zealand. Upon return of his lower limb fellowship with Professor Bas Masri at the University of British Columbia in Vancouver Richard completed 2 further fellowships in Auckland in Foot and Ankle and Sports Knee before taking up a consultancy position with Nelson Marlborough District Healthboard from 2009. He has a special interest in revision knee and hip arthroplasty and is actively involved in education, research and regular specialist presentations at major conferences. When not working, Richard enjoys time with family and friends while actively participating in mountain biking, skiing, kayaking, and tennis. primary and revision knee arthroplasty for Nottingham and surrounding areas.

Prof. Kazutaka Sugimoto (Japan)

Dr. Sugimoto has been the director of Sonoda Joint Center in Japan since 2010. He is a graduate of Nihon university in 1995 and currently resides as visiting professor for Tokyo Metropolitan university. His interests are complex primary and revision knee management and as such serves as a complex knee advisor for Japanese surgeons.

Local Faculty:

Dr. Ray Randle (QLD)

Dr. Matthew Lyons (NSW)

A/Prof. David Liu (QLD)

Dr. Bernard Zicat (NSW)

Dr. Michael Solomon (NSW)

Dr. Chris Wilson (SA)

Dr. Alex Swann (WA)

Dr. Ben Clark (WA)

Mr. Chris Jones (VIC)

Dr. Al Burns (ACT)

Dr. Richard Boyle (NSW)

Prof. Richard Carey-Smith (WA)

A/Prof. Gareth Prosser (WA)

Dr. John Radovanovic (QLD)

Mr. Brad Miles
