Massachusetts and Vermont HCP Requirements

Under Massachusetts regulations, Medical Devices Business Services, Inc. may provide meals or refreshments to Massachusetts licensed HCPs only during non-CME educational activities when educating and informing HCPs about the benefits, risks, and appropriate uses of our medical devices, disease states, or other scientific/health economics information.

Under Vermont regulations, Medical Devices Business Services, Inc. may provide meals or refreshments in conjunction with technical product training on the use of medical devices to Vermont-licensed HCPs that regularly practice in the state of Vermont.

Government HCPs

Per company policy, meals and refreshments may not be provided to Federal Government HCPs unless pre-approved by Medical Devices Business Services, Inc. Meals and refreshments provided to State and Local Government HCPs are permitted upon verification of allowance by facility policy.

Disclosure

Medical Devices Business Services, Inc. may be required by Federal, state, local laws, or requirements of government agencies, to disclose certain value transfers made to hospitals, physicians, and other practitioners, including but not limited to, nurse practitioners and physician assistants. This information may become publicly available as required by law. The company may also choose to publicly post such information on its website.

Additional Information

In accordance with the AdvaMed Code of Ethics on Interactions with Health Care Professionals, and Medical Devices Business Services, Inc. policy, spouses or guests may not attend Company-sponsored events.

This program is produced and sponsored by Medical Devices Business Services, Inc. and is not approved for CME credit.
